Astute, results-oriented, self-motivated professional, with a passion for excellence. Proven ability to adapt to new surroundings while remaining observant and accurately assessing what needs to be done to achieve goals. Have the able to employ creative approaches and meet or exceed all designated objectives. Ability to work as an individual, in groups and teams, can carry out good research and analysis and always aim to exceed target, proven ability to work well under pressure, with attention to details to promote productivity, Confident user of common office based software packages, the Internet and Email Awareness of health, safety at work, Act 1974 and hygiene Relevant skills include: Communication, Customer Services, Team Player, Computer Literate, Good at reporting and presentation using Microsoft word, Excel and Power Point

## SKILLS:

- Production Planning & Scheduling
- Inventory Management
- Supply Chain Optimization
- Team Leadership & Supervision
- Lean Manufacturing Principles
- Process Improvement
- ERP Systems (SAP, Oracle)
- Negotiation & Vendor Management
- Data Analysis & Reporting
- Quality Assurance

## WORKING EXPERIENCE:

**Fulfilment Center Associate, FWA6, Fort Wayne, Indiana** **Feb 2024 to Date**

- Assist with problem solve, stowing and sorting inventory and ensured proper placement within the warehouse.
- Package and prepare orders for shipment, ensuring the accuracy of items.
- Use warehouse management systems to track inventory and assist with order processing.
- Consistently met performance targets for order accuracy, speed, and customer satisfaction.
- Collaborate with cross-functional teams to address and resolve issues in a timely manner.

**DANA INCOPORATED, FORT WAYNE INDIANA**  
**PROFESSIONAL EXPERIENCE**  
**PRODUCTION SUPERVISOR**

**Aug 2023 to Nov 2024**

Monitored and analyzed key performance indicators (KPIs) to identify areas for improvement and implement corrective actions. Contributed to the development and implementation of training programs for production staff to enhance skills and knowledge.

- Supervised a team of 20 production operators in a fast-paced automotive manufacturing environment, ensuring adherence to production schedules and quality standards.
- Implemented efficient production processes and workflow optimizations to improve productivity and reduce cycle times, resulting in increase in output.

- Conducted regular performance evaluations and provided coaching and training to team members to enhance skills and promoted a culture of continuous improvement.
- Collaborated with cross-functional teams including engineering, maintenance, and quality assurance to resolve production issues and implement corrective actions.
- Enforced safety protocols and maintained a safe working environment, resulting in zero lost-time incidents during tenure.
- Utilized ERP systems (e.g., SAP, Oracle) to track production metrics, monitor inventory levels, and generated production reports for management review.
- Participated in lean manufacturing initiatives and kaizen events to identify waste and implement process improvements, resulting in cost savings and operational efficiencies.

## **INTEVA PRODUCTS, BLUFFTON, INDIANA**

### **PROFESSIONAL EXPERIENCE**

#### **PRODUCTION CONTROL & LOGISTICS SUPERVISOR**

**Oct 2022 – Aug 2023**

Analyzed production data and performance metrics to identify areas for improvement and implement process enhancements to increase efficiency. Managed inventory levels and optimize inventory control strategies to reduce excess stock and minimize carrying costs.

- Developed and implemented production schedules to meet customer demands while minimizing downtime and reducing lead times.
- Coordinated with cross-functional teams including production, procurement, and logistics to ensure smooth workflow and timely delivery of materials and finished products.
- Lead and motivated a team of production operators and logistics personnel, providing training and guidance to ensure adherence to quality standards and safety protocols.
- Collaborated with suppliers and vendors to negotiate favorable terms and pricing agreements, resulting in cost savings and improved supplier relationships.
- Implemented lean manufacturing principles and continuous improvement initiatives to streamline processes and eliminate waste.

## **FAURECIA FORT WAYNE INDIANA**

### **PROFESSIONAL EXPERIENCE**

#### **PRODUCTION CONTROL & LOGISTICS SUPERVISOR**

**Aug 2021 – Oct 2022**

Ensured the day-to-day activities related to reception, allocation of parts to storage, location, deliveries to production line, withdraw of finished goods from the production line, bookings, TPA preparation, shipment, and alert management with adequate staffing affectation to ensure the PC&L Standards respect.

- Build up the Procurement Program by dividing and leveling piece procurements.
- Follow up the Procurement Program realization by managing alert systems and follow the unloading, receipt, and transportation of pieces.
- Follow supplier delivery performance (supplier Misdelsiveries Per Million) and the service of logistics partners and propose appropriate improvement action plans.
- Achieve the transportation the transportation program on a monthly basis and the transportation scheme semi-annually.
- Direct packaging management.
- Ensure that logistics conventions comply with purchasing objections and support conditions set by suppliers for procurement and packaging and by logistics partners for transport and services.
- Verify that Sales and Production Plan (PIC) capacity requirements can be supported by suppliers and implement corrective actions when necessary.
- Ensure full inventory accuracy through proper analysis in case of deviation,

- Ensure the proper management of alert system and escalation process.

## **EDUCATIONAL QUALIFICATIONS:**

### **OBAFEMI AWOLowo UNIVERSITY NIGERIA**

**2003 – 2007**

- Adeyemi College of Education Ondo
- Bachelor of Science in Education
- Chemistry Bachelor of Science in Education
